Next review: 1 May 2027

1. Our commitment to accessibility

SBK Teaching Standards is committed to providing accessible, inclusive online learning for all adults engaging with our courses and assessments. Our courses are delivered through **Moodle Cloud**, which includes a range of built-in accessibility features designed to support diverse learning needs.

We aim to ensure that all learners can navigate, understand and participate fully in our online learning environment.

2. Using Moodle Cloud accessibility features

Moodle Cloud provides a number of accessibilities-supportive functions, including:

- Responsive design suitable for mobile, tablet and desktop
- Keyboard-accessible navigation
- Screen-reader compatibility
- Adjustable text size and display preferences
- Clear, consistent layout across courses
- Support for alternative text on images
- Structured content formats
- Alternative languages

SBK Teaching Standards uses these features as part of our commitment to accessible course design.

3. Special Considerations and Access Arrangements

Learners who require adjustments to support their learning or assessment experience can apply through our **Special Considerations and Access Arrangements** process.

This includes requests for:

- Additional time
- Alternative assessment formats

- Adjusted submission methods
- Other reasonable adjustments

Alternative formats of course materials are available **on request only** and must be applied for through this process.

4. Current accessibility status

At present, **we are not aware of any accessibility issues** within our online learning environment or course materials.

We continuously monitor our content and platform to maintain accessibility and address any issues that may arise.

5. Reporting accessibility issues

If you experience any difficulty accessing our courses, assessments or materials, please contact us:  SBK-teaching-standards@outlook.com

We welcome feedback and will respond as promptly as possible.

6. What we do to improve accessibility

SBK Teaching Standards is committed to ongoing improvement. We:

- Review accessibility annually
- Update course materials to maintain clarity and usability
- Use MoodleCloud's accessibility-supportive features
- Respond to learner feedback
- Align adjustments with our Special Considerations and Access Arrangements policy

7. Enforcement procedure

As an unregulated provider, SBK Teaching Standards is not subject to a statutory enforcement body. However, we take accessibility seriously and will address any concerns raised directly with us.
